RE: Training on ABA/Verbal Behavior with Dr. Partington and his consultants in Spring 2010

Behavior Analysts, Inc. is providing these comprehensive training opportunities to educators, parents and other practitioners in February and March, 2010. Dr. James Partington and his consultants will be presenting various workshops on teaching children with autism.

These workshops are designed to provide effective strategies to professionals, parents and specialists working with these children. Participants will gain knowledge on many different topics including how to teach skills in the natural environment, how to design and implement programs using the ABLLS[®]-R, and how to teach higher level language learners.

Registration is accepted on a first come first serve basis. Seating is limited. We hope to see you there.

BEHAVIOR ANALYSTS INC. SPRING 2010 REGISTRATION FORM

Deadline for February dates- February 1, 2010

Deadline for March dates- March 1, 2010

Wednesday, February 10, 2010: Developing Successful Learning and Social Interactions in the Inclusion Classroom

Presenter: Nissa Intarachote, MA, BCBA

Cost: \$90.00 per person

This presentation will teach parents and educators effective strategies to develop advanced language skills with the emphasis on teaching the child to attend to the actions and interests of others. It will also provide information about elements that are necessary for a child to use these skills to learn new skills in an inclusive classroom, and will review the components necessary for successful inclusion in a regular education classroom.

Thursday, February 11, 2010: Introduction to the ABLLS®-R/ WebABLLS®

Presenter: Carmen Martin, MS and Melissa Brown

Cost: \$90.00 per person

This workshop is highly recommended for educators, parents and professionals who would like introductory information on the ABLLS®-R and have not had extensive experience with this assessment. Participants will be able to identify essential skills to score and interpret the ABLLS®-R, perform skill analyses to determine a child's strengths and weaknesses, utilize assessment results for evaluating priorities, determining IEP objectives, and developing curricula.

Monday, March 8, 2010: Solutions to Challenging Tasks! A Framework for Classroom and Home Program Management from Start to Finish

Presenter: Holli Henningsen, MA, BCBA

Cost: \$90.00 per person

This workshop is designed for parents and educators who are struggling to start up and manage an ABA program in the classroom or home. Participants will be able to locate resources to guide them, learn how to get started with a classroom and home program, specify essential information to be included in a program binder, and how to manage a data collection system.

Monday, March 15, 2010: To Prompt or not to Prompt: Promoting Independence and Tactics for Teaching Independent Skill Responses

Presenter: Holli Henningsen, MA, BCBA

Cost: \$90.00 per person

This workshop is designed for parents and educators who would like to increase their skill level for teaching independent skill responses. Participants will learn about discrete trial, task analysis, motivational variables and various prompt methods including fading, errorless learning, and shaping.

Tuesday through Thursday, March 16-18, 2010: Three Day Teaching Language to Children with Autism or Other Developmental Disabilities

Presenter: Carmen Martin, MS and Melissa Brown

Cost: \$225.00 per person

This workshop is designed for parents, educators, tutors, and aides working with children with autism in an ABA and/or verbal behavior program. Participants will be able to identify examples of verbal operants, identify methods for developing and maintaining motivation, identify effective data collection, and how to teach children both in the classroom and in the natural environment.

☐ Monday, March 22, 2010: The Power of Positive Facilitation (for Teacher's Assistants, Aides, Parents, and Caregivers)

Presenter: Holli Henningsen, MA, BCBA

Cost: \$90.00 per person

This workshop is for tutors, classroom aides, educators, parents, and family members interacting with children with autism on a regular basis. Participants will be able to identify Autism Spectrum Disorders, specify elements to motivate learners, identify teaching procedures to shape behaviors, and learn how to teach in the natural environment.

Workshop hours are as follows:

8:30am- 9:00am - Registration

9:00am – 4:00pm – Workshop

12:00pm -1:00pm - Lunch break (lunch is on your own)
